

TOWERIQ™
SIGNAL WHERE IT MATTERS

TQ-CRIMP

TQ-CRIMP Coaxial Cable Crimper

For a successful installation, use the TowerIQ coaxial cable crimper. The crimper secures connectors to most coax cables including those provided in all TowerIQ cellular signal booster kits.

With multiple cavity sizes, the crimping tool is compatible with a variety of coaxial cable types.

CAVITY SIZE					PIN	SQ PIN	USED FOR CABLE TYPE
-------------	--	--	--	--	-----	--------	---------------------

0.255"	.213"	.137"	.100"	0.069"	0.043"	
6.48mm	5.41mm	3.5mm	2.54mm	1.75mm	1.1mm	

RG-55/5859/62/8X/140/210,
LMR 100/141/223/303/400,
Belden 8279, and many more
coax cables
